

Pipe Bands NSW College

PRELIMINARY and ELEMENTARY

Piping & Drumming Certificate Workshop

29th June, 2019

The Pipe Bands NSW College is proud to present the next workshop which will cover the level of Preliminary and Elementary Piping and Drumming.

This workshop is suitable for students of beginner level, those wanting to brush up on music notation, how to understand, read and write music, as well as playing and instrument maintenance. This workshop will be taught by qualified instructors mainly in a classroom style with lots of opportunity for discussion and questions.

Why attend a workshop?

For a start, it's fun! Secondly, here is a list of some of the many benefits you will gain from attending a workshop:

- Understand what you are playing and why you are playing it that way
- Increase your ability to learn new tunes
- Learn how to tune and maintain your instrument and the importance behind this
- Gain an understanding of terms used to describe music and how it is played
- Improve your ability to integrate your playing with a band
- Increase your ability to recognise and rectify issues in your playing
- Feel more confident in your ability and understanding of the music and your own playing

You have the ability to play your chosen instrument and through hard work you have developed it well. Here's a great opportunity to crystallise your knowledge and understanding and take your playing to the next level. Come along with us and join those who are also keen to enhance their musical skills.

We hope to see you on the 29th!
